Examiner Gibbs,

The publisher does not have a pubdate more exact than sometime in the first week of July 2005. (The publisher's email is attached below.) If this is not sufficient, I can contact libraries for their receipt dates to see if any of them have a date within that week.

Please let me know if you would like me to contact the libraries, or if you have any other questions.

Hi Kristine

Please allow me to introduce myself as Amy Schlachter, the commissioning editor for Expert Opinion on Biological Therapy. I believe you have been in touch with the Informa Support office regarding the publication date of the following article:

Expert Opinion on Biological Therapy
 July 2005, Vol. 5, No. 7, Pages 907-917
 (doi:10.1517/14712598.5.7.907)
 Antisense oligonucleotides as therapeutics for hyperlipidaemias Rosanne M Crooke

I have been thorough our records and unfortunately I am unable to obtain the exact publication date of this article. I can only tell you that the most likely publication date of this article would've been in the first week of July.

I apologise that I could not have been more assistance.

My kind regards

Amy
